Letter No A 3-457/33-34 dated 17th August 1933 from the Deputy Commissioner Kadun District requesting sanction to the resolution of the Tankere Municipal Council to have the drainage work of Tankere Town executed under the supervision of the Sanitary Engineering Department and to waive the supervision charges payable to that Department as a special case -

1) In G.O. No L 5972-4/17-156-31-2 dated 20.2.1932 sanction was accorded to the first part of the Drainage Scheme - namely the construction of main drains only - at an estimated cost of Rs 17,000 and ~~that the direction was directed~~ that the Government ^{grant} of one-half of the cost of the work would be ^{paid} given after the Municipal share of the cost is expended. The Tankere Municipal Council have resolved to place at the disposal their share ~~by~~ of the work viz Rs 8500, at the disposal of the Sanitary Engineering Department and requests that in view of the technical nature of the work, ~~that order be~~ the execution of the scheme should, with advantage, be entrusted to the Sanitary Engineering Department. ~~The Deputy Commissioner Kadun District further recommends~~ and that the supervision charges to be incurred in this connection might, as a

of supervision of the work in the course of execution, waiving of these charges is not possible. The only concession that may be granted is to levy $10\frac{1}{2}$ per cent instead of 18 per cent on these charges.

The present estimate does not include supervision and tools and plant charges. It will therefore have to be revised. Whatever rate Government is pleased to sanction, will be shared equally by Government and the Local Body.

Retransmitted with compliments to the General
Secretary to Government

11 When about a month back certain recommendations
were made, the idea was to entertain a temporary Sub-
Overseer. It has since been found this is not neces-
sary. The work will be taken up by the Bureau of
Sanitary Engineering, a subordinate from the existing
staff being drafted to supervise. He will, in addition
to this work, supervise bore hole latrine construction
and Town Survey work in the area.

12 In view of the above, it is now recommended that
only 7 1/2 Tools and Plant charges be levied.

14 2 According to note p under para 6 of Appendix 7
of the Madras P W Accounts Code the charges leviable
for water supply and drainage schemes actually executed
are

1	On works outlay for establishment	10 %
2	-do- for tools and plant (Ordinary)	1 1/2 %
3	-do- for audit and accounts	1 %
4	-do- for cost of Sanitary Engineer and staff	2 1/2 %
5	-do- for cost of Chief Engineer and staff	1 1/2 %
		15 1/2 %

3 It is not understood on what basis the Director
of Health has fixed 7 1/2 %

4 As the Director of Health has stated that the
subordinate deputed to supervise the work will in
addition look after bore hole latrine construction and
Town Survey work in the area, Item 4 may be omitted and
the percentage charges fixed at 13%. I suppose the
municipality has to do the survey work

GENERAL SECRETARY
18 AUG 1933
No. 255
W. S. S.

SIR,

Has T

In forwarding herewith letter No To 86/33-34 dated the 20th July 1933 from the President, Municipal Council, Tarikere, re the improvements of the Town Drainage etc , I have the honour to state that Government in their Order No L 5972-4 M. 156-31-2 dated the 19/20-2-1932, have sanctioned the undertaking of the Main Drain, costing Rs 17,000/- and the Municipal Council in their Budget Estimates for 33-34 have provided under D - Public Works (1) Original Works - a sum of Rs 8500/- being one half of the cost of the work

2 In view of the technical nature of the work and of the fact that no competent Municipal subordinate is available for supervising the execution of the work in question, the Municipal Council in their meeting dated 5th July 1933, have resolved to entrust the work to the Sanitary Engineering Department, and place at their disposal, the Municipal share of the work viz , Rs 8500/- They have also further resolved that Government may be requested to waive the supervision charges, that will have to be paid to the Sanitary Department as heavy expenditure will have to be incurred for the various town improvement works Copy of the resolution of the Municipal Council referred to is enclosed

3 I request you therefore to be so good as to obtain orders of Government for (1) to have the Drainage work executed under the supervision of the Sanitary/Department (2) to obtain sanction of Government

Copy of letter o To 86/33-JA dated 19/20-7-33 from the President,
Municipal Council, Tarikere, to the Deputy Commissioner, Kadur District

Adverting to Government Order 10 L 5972-4 M1 156-31-2 dated 19th February 1932 sanctioning the construction of the Main drains at a cost of Rs 17000/- and agreeing to bear one half of the cost after the Municipal quota is expended etc , I have the honour to state that during the discussion of the Budget Estimates of this Municipality for the year 1933-34 the Municipal Council at its special meeting held on 13th April 1933, resolved that the drainage Scheme sanctioned for Rs 17000/- be worked in two years only instead of three years and that a provision of Rs 8500/- be made in the Budget for expenditure in the current year Accordingly a provision of Rs 8500/- has been made in the Budget

The Municipal Council have since resolved at their special meeting held on the 5th July 1933, that the scheme is entirely of a technical nature and has to be carried out by a technical Department if it is to be a substantial and satisfactory nature and as the work cannot be got satisfactorily executed by the local sanitary Inspector or other Agency of the Municipality, the entire Drainage Scheme be entrusted to the Sanitary Engineering Department for execution and the amount of Rs 8500/- allotted for the current year be placed at their disposal

The Council have further resolved that as the working balance at the credit of the Municipality has fallen short of the recurring expenditure and as they will have to withdraw a sum of Rs 20000/- out of ^{the} invested funds to meet the ordinary expenditure as well as the extraordinary Improvement works taken up during the year such as Drainage, Water Supply Payment of compensation for the acquired land etc , and as the Municipality is unable to bear the supervision charges of the entire drainage Scheme and that therefore the Government be requested to accord their kind sanction as a special case to the waiving of the supervision charges payable to the Sanitary Engineering Department

I therefore request you to kindly address Government very early for the kind sanction to the amount of Rs 8500/- being placed at the disposal of the Sanitary Engineering Department for the execution of the

the Drainage Scheme during the year and the supervision charges of the Scheme waived as a special case The copies of resolutions passed in this behalf are appended herewith for favour of reference
